**"Youth Looking to the Future"**

# DEDICATION

We take with us, in leaving, a host of memories—memories of noisy crowds at basketball games, of long hours in classrooms, of all the little incidents of the high school life that made up our youth. Many of us, in trying to find our place in the chaotic world of today, may lose that precious youth. When that time comes, we shall welcome some reminder of our high school years.

This book is our attempt to preserve some of those memories. It is only fitting, therefore, that we dedicate it to youth and to the solemn conviction that the spirit of our youth will live on forever in the hearts of all the senior classes yet to come.

WALTER H. WOODROW

On behalf of the Senior Class and the whole school, we, the editors, wish at this time to pay tribute to a member of the faculty who has served our school faithfully for many years. He is, as we know, retiring from teaching. Many of our parents and teachers were under his guidance while in high school. His unique method of teaching classes has been not only educational, but inspiring. His dry wit and intelligent humor has often given us moments of hilarity. His philosophy of life, which he has expressed throughout his many years of teaching, has been a great influence in the broadening of our minds. We do not have words to express our gratitude and appreciation of having known and studied under Mr. Woodrow; therefore, we say, "Thank you, Mr. Woodrow; we shall miss you here at school."

## THE CYCLE

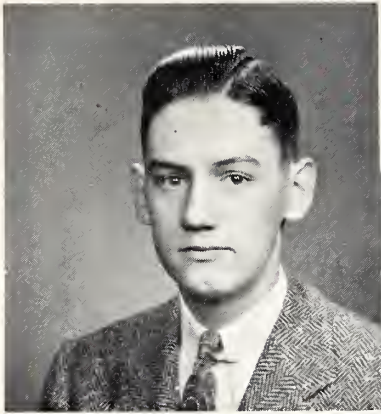

From the slime of the tidal beaches,  
At the line of the land and sea,  
From the ooze of the salt-marsh reaches  
I have come at last to me:  
Thus spell geologic pages  
In incontrovertible lore  
How I left the abyss of the ages,  
And clambered upon the shore.

In a colloidal cell in the sea-mire—  
'Twas there, I am told, I began;  
As a worm, then a fish, then higher,  
I passed on the road to man:  
Thru reptile and mammal ascending—  
It matters not when nor how,  
Nor what in the future is pending—  
I am come to what I am now.

What sword o'er my head is suspended  
I'm much too happy to mind;  
Or if by Omniscience I'm tended,  
Or "a Heaven that's deaf and blind":  
Each hour brings joy, tho its fleetness  
Is hastening life to its close;  
Each breath comes laden with sweetness—  
What matters it whither it goes?

For me, no past is unpleasant,  
No future can bring me dismay;  
Such rapturous throbs fill the present,  
Such delight 'tis to live but today,  
That when life's fever assuages,  
I've neither request nor demand,  
Though I should return for the ages  
Where the sea rolls up on the sand.

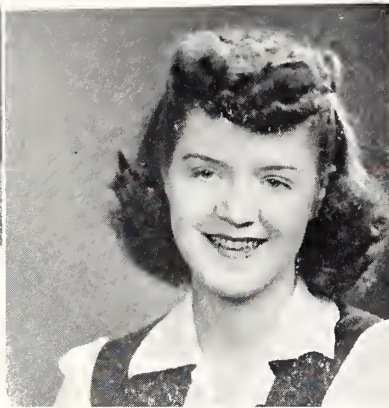

Walter H. Woodrow.

We have thus far in our lives been guided skillfully by parents and teachers. We now go forth into the world, undaunted, unafraid. The world we face is not a normal one; instead, it is a world of chaos and war, into which we are thrust to take our respective places and carry out our jobs to the best of our ability. We shed the protective cloak of youth which has thus far sheltered us and take on steel and armor, our "cloaks" of the future.

We know, however, that in the far future, beyond the abyss of war, there waits a world of peace for all. It is this thought that we must keep in our minds to carry us through the dark days that lie ahead.

The Editors.

## BE STRONG

Be strong!

We are not here to play, to dream, to drift;  
We have hard work to do, and loads to lift;  
Shun not the struggle—face it; 'tis God's gift.

Be strong!

Say not, "The days are evil. Who's to blame?"  
And fold the hand and acquiesce—oh shame!  
Stand up, speak out, and bravely, in God's name.

Be strong!

It matters not how deep intrenched the wrong,  
How hard the battle goes, the day how long;  
Faint not—fight on! Tomorrow comes the song.

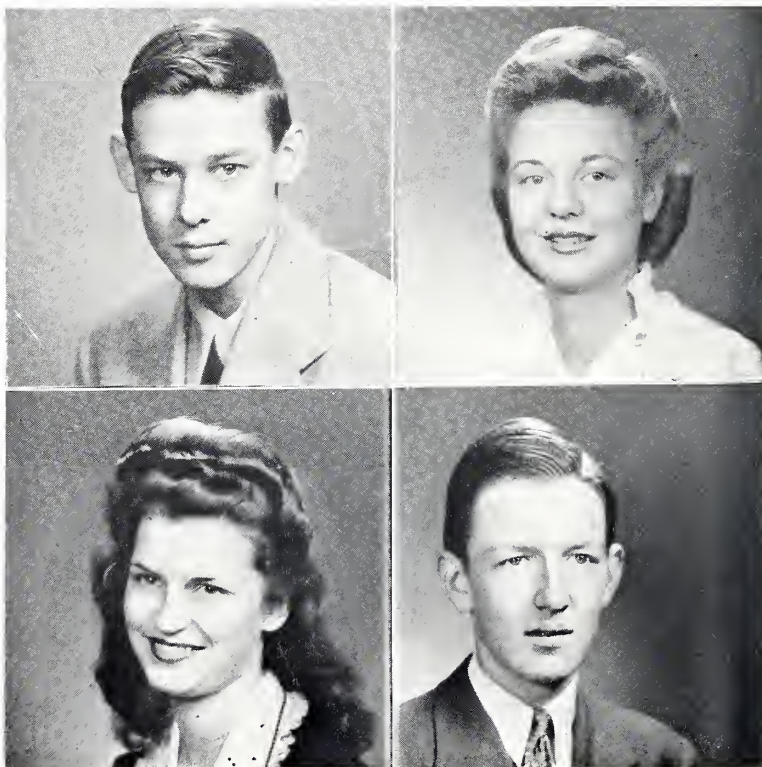

Maltbie Davenport Babcock.

## SENIOR CLASS HISTORY

Many of the Seniors, who have gone through school together, remember well Mary Alice Shannon's birthday party, which was given at the Elk's Fort Harrison Country Club. At that time we were kindergarteners in Harrison School. Looking ahead about five years, we can still remember the dog show, which we sponsored as sixth graders. The following year we presented an Amateur Hour, as a part of the All School Festival. I am sure we shall never forget Diana Sweeney's rendition of "Ferdinand the Bull." In the Eighth Grade, we surprised the school by presenting an original Quiz Show in Convocation to commemorate George Washington's birthday. Small hatchets, made by the boys, were given as prizes.

The graduating class of 1944 started its high school days with a clever presentation of Julius Caesar. The play was directed by Miss Eleanor Dunlap, who taught the Freshman class in English. No doubt the whole school remembers well this drama, which, much to the horror of Miss Dunlap, turned into a side-splitting comedy of clanking "armor" and flashing "swords."

As has been traditional in the Sophomore year, we gave the annual skating party. The party was held at the Third Avenue Skating Rink, and a large crowd attended.

In our Junior year, we "peddled" cookies about the halls of dear old State, in order to raise money to finance the Junior Prom. The Seniors and Juniors together gave a dance, combining the Prom and Farewell. The dance was held in the Mayflower Room and was a great success.

Finally, at long last, we are Seniors. It is hard for most of us to believe, especially the teachers. We started the year with a mixer, which, I'm sorry to say, wasn't what you would call a "huge success," due to the fact that it was a little difficult to hear the music, which was flowing, not-so-sweetly, from the balcony of the girls' gym. Early in November, we started working on the Senior Carnival, which was presented on December the fourth. Under the splendid leadership of the committee chairmen, the Carnival was a great success. The stage show was the outstanding feature of the Carnival. In fact, if I may boast ever so slightly, it was said to have been one of the best stage shows ever presented.

In January, the Analyst Staff began the job of getting the year book ready to go to press. The sales drive was very successful.

Commencement was quiet, solemn and somewhat sentimental. The presentation of the diplomas climaxed four wonderful and happy high school years.

## SENIOR CLASS PROPHECY

We, the editors, wish to take you into the future. The time is 1964, an age when ration books are found only in family albums and Frank Sinatra is "Not or Nothing At All." It is in this remarkable age that we find the 1944 graduates of good old State High doing the following things:

Bill Lockhart now has his shingle out on North 10th Street and is known as the "mad surgeon."

Diana Sweeney is superintendent of nurses in the Bongo Islands.

Imogene McCann is still trying to find Mrs. Kelso's kettle.

Jackie Jeanne Hannah is busy raising little redheads.

Della Mae Smith's race horses are giving Bing Crosby the "racing blues."

Ralph Bryant has taken the nation by storm as champion auctioneer for the American Tobacco Company.

Moses and George Nasser are battling it out with Kroger for the monopoly of the country's grocery business.

Douglas "Goodman" Kelshaw now has a little band all his own and keeps the joint jumpin' down around the Blazin' Stump.

Patty Ferris is still waiting for the Marines to land.

Howard Davis is still trying to understand the jokes told him in high school.

Norma Miller has the largest professional gym in the country and specializes in Ju-Jitsu.

Betty Davis is busy eliminating her soldier correspondents.

Joe Vietti is writing a book for medical science about his operations.

Abe Nasser is touring the country with his drums.

Curtis Jones is now circulation manager of the Terre Haute Tribune and Star.

Jack McMillan is coach for the Young Sycamores. His most outstanding player is a young boy by the name of Clarence Disney Jr. II.

Disney Sr. (better known as "Big Diz") is running for mayor.

Charlotte Wittenberg is the nation's most outstanding artist. Her most prominent models are Joyce Johnson, Margaret Perucca, and Jane Carmack.

Betty Biggs is employed in the Westinghouse Laboratory and has invented a substitute for old-fashioned florescent lighting.

Mary Trueb recently received the Nobel Prize for her latest book, **Life Among the Zombies**.

Dorothy Lockett is now writing jokes for Bob Hope's radio program.

Hilda Willen is the nation's champion tennis player.

Betty Jo Bailey is now touring the country displaying her cookery arts.

Charles Archer and Charlotte Kelley (the "Goo-birds") are still in a daze.

Janece LeMaster, poor girl, is residing in Evansville attempting to straighten out the Analyst sales.

Virginia Wilkie is still trying to keep track of her men.

Wilbur Ramsey and Pat Weaver are settled down, "scrappily" married.

Mary Alice Shannon is coming to the Student Union Building to sing in the near future.

Martha "School Days" Spears is running true to form. She is still attempting to pass geometry in Miss Kennedy's class.

Rosezetta Smith is the nation's fastest tap dancer.

Frank McAuliffe joined the air corps after finishing High School, and we hear he shot down more enemy planes than Orvel "Ace" Strong.

Tom Calvert, poor boy, awakened one night and was scared to death by his bright colored wardrobe.

Tommy Abbinett is believed to be sitting in Miss Ewing's room—asleep.

As for Virgil Basquette, he invented a rocket ship to take him to Mars in 1952. He took off in December of that year and no one has heard of him since.

Bob McFall is doing some experimenting with cross-breeding on the farm. He has succeeded in combining pigs and chickens and serves the "McFall Specialty" daily—ham 'n eggs.

Everett Lenhart is the director of an all-girl orchestra in New York.

Bill Piper is now teaching machine shop at a well-known girls' college.

We would give you more details but our keepers are coming to repad our cells.

Signed,

Harris, Cell Number 8,269

Williams, Cell Number 8,270.

The Junior Class, under the direction of its sponsors, Mr. Headdy and Miss Gillum and the class officers, President, Mary Nasser; Vice-President, Jack Pipes; Secretary, Letha Liethe; and Treasurer, Tom Calvert; has had a busy year. In the opening months of school the class put on a very successful magazine campaign, the proceeds of which are to be used to finance the annual Junior Prom. Later in the year the Juniors gave a Mixer for the school, which also added to their prom funds. The school is proud of the record which the Junior Class has set during the year for having a hundred per cent purchase of Defense Stamps.

## BLUE-TRI

Pres.—Mary Alice Shannon

Vice Pres.—Betty Jo Bailey

Sec.—Margaret Perucca

Treas.—Mary Nasser

The Blue Tri organization, under the faithful sponsorship of Miss Wenonah Goshorn, has had a very active year. Much credit goes to this group of girls for its Defense Stamp Sales. The organization has been active in war work—collecting both newspapers and tin. The girls sponsored a candy sale and sold novelties at the basketball games in order to raise money for the Rag Doll Dance, which was given on April 14, at the Student Union Building.

## Hi-Y

Pres.—Bill Hyslop

Vice Pres.—Clarence Disney

Sec.—Jack Pipes

Chaplain—Don Coverstone

The Hi-Y club, which is sponsored by Mr. Wayne Schomer and Mr. Marvin Bell, has in the past years encouraged throughout the school a better and more active school spirit.

The boys in this organization were voted upon before becoming members. By this process only those boys with desirable and progressive attitudes were admitted. Convocations and mixers were presented during the year by this group. The Hi-Y deserves much credit for its splendid response to the national "Scrap Drive."

## A Tribute to the Varsity Team

On behalf of the student body, we, the Analyst Staff, wish to thank our team for its outstanding work throughout the basketball season. For the first time in the history of State Laboratory, we have triumphed over the city schools and carried away the City Championship. This could not have been possible if the "Young Sycamores" had not worked as a unit and followed the clever instructions of Coach Paul Wolf. A victory of this kind means more to a school such as State than it would to one of the larger high schools of the city, since there are fewer boys from which to choose. With proper training and strong determination, you, our team, not only took first place in the City, but top rank in the State Sectionals. The fact that the members of our team were "square shooters" was commented upon by both fans and opponents. We, also, want to mention that we appreciate your rigid adherence to the training rules. We realize that many activities and "good times" were forfeited in the building up of this winning team; however, your reward came with the honor which was bestowed upon you.

Once again we say, "Thanks, team, good work."
